How do you
define failure?

Criteria of a Failure

Not all failures are created equally.

CAUSES &

what you did, and didn't do

*Blameworthy**

Moral Lapse

Incompetence / Ignorance

Uncertainty

Task Challenge

Experimentation

*Praiseworthy**

CONSEQUENCES

losses and gains over time

To Self

tangible and intangible

To Others

tangible and intangible

Recovery Time

short to impossible

TEAMWORK

RECEPTION

ALL HANDS MEETING

fail·ure

/'fālyər/

noun

1. ~~Lack of Success~~
2. Teachable Moment

Failure-Is-Not-An-Option Pyramid

Your big operation goal

Failure is NOT an option

Failure is ALWAYS an Option

Ground level tactics

What's Stopping You?

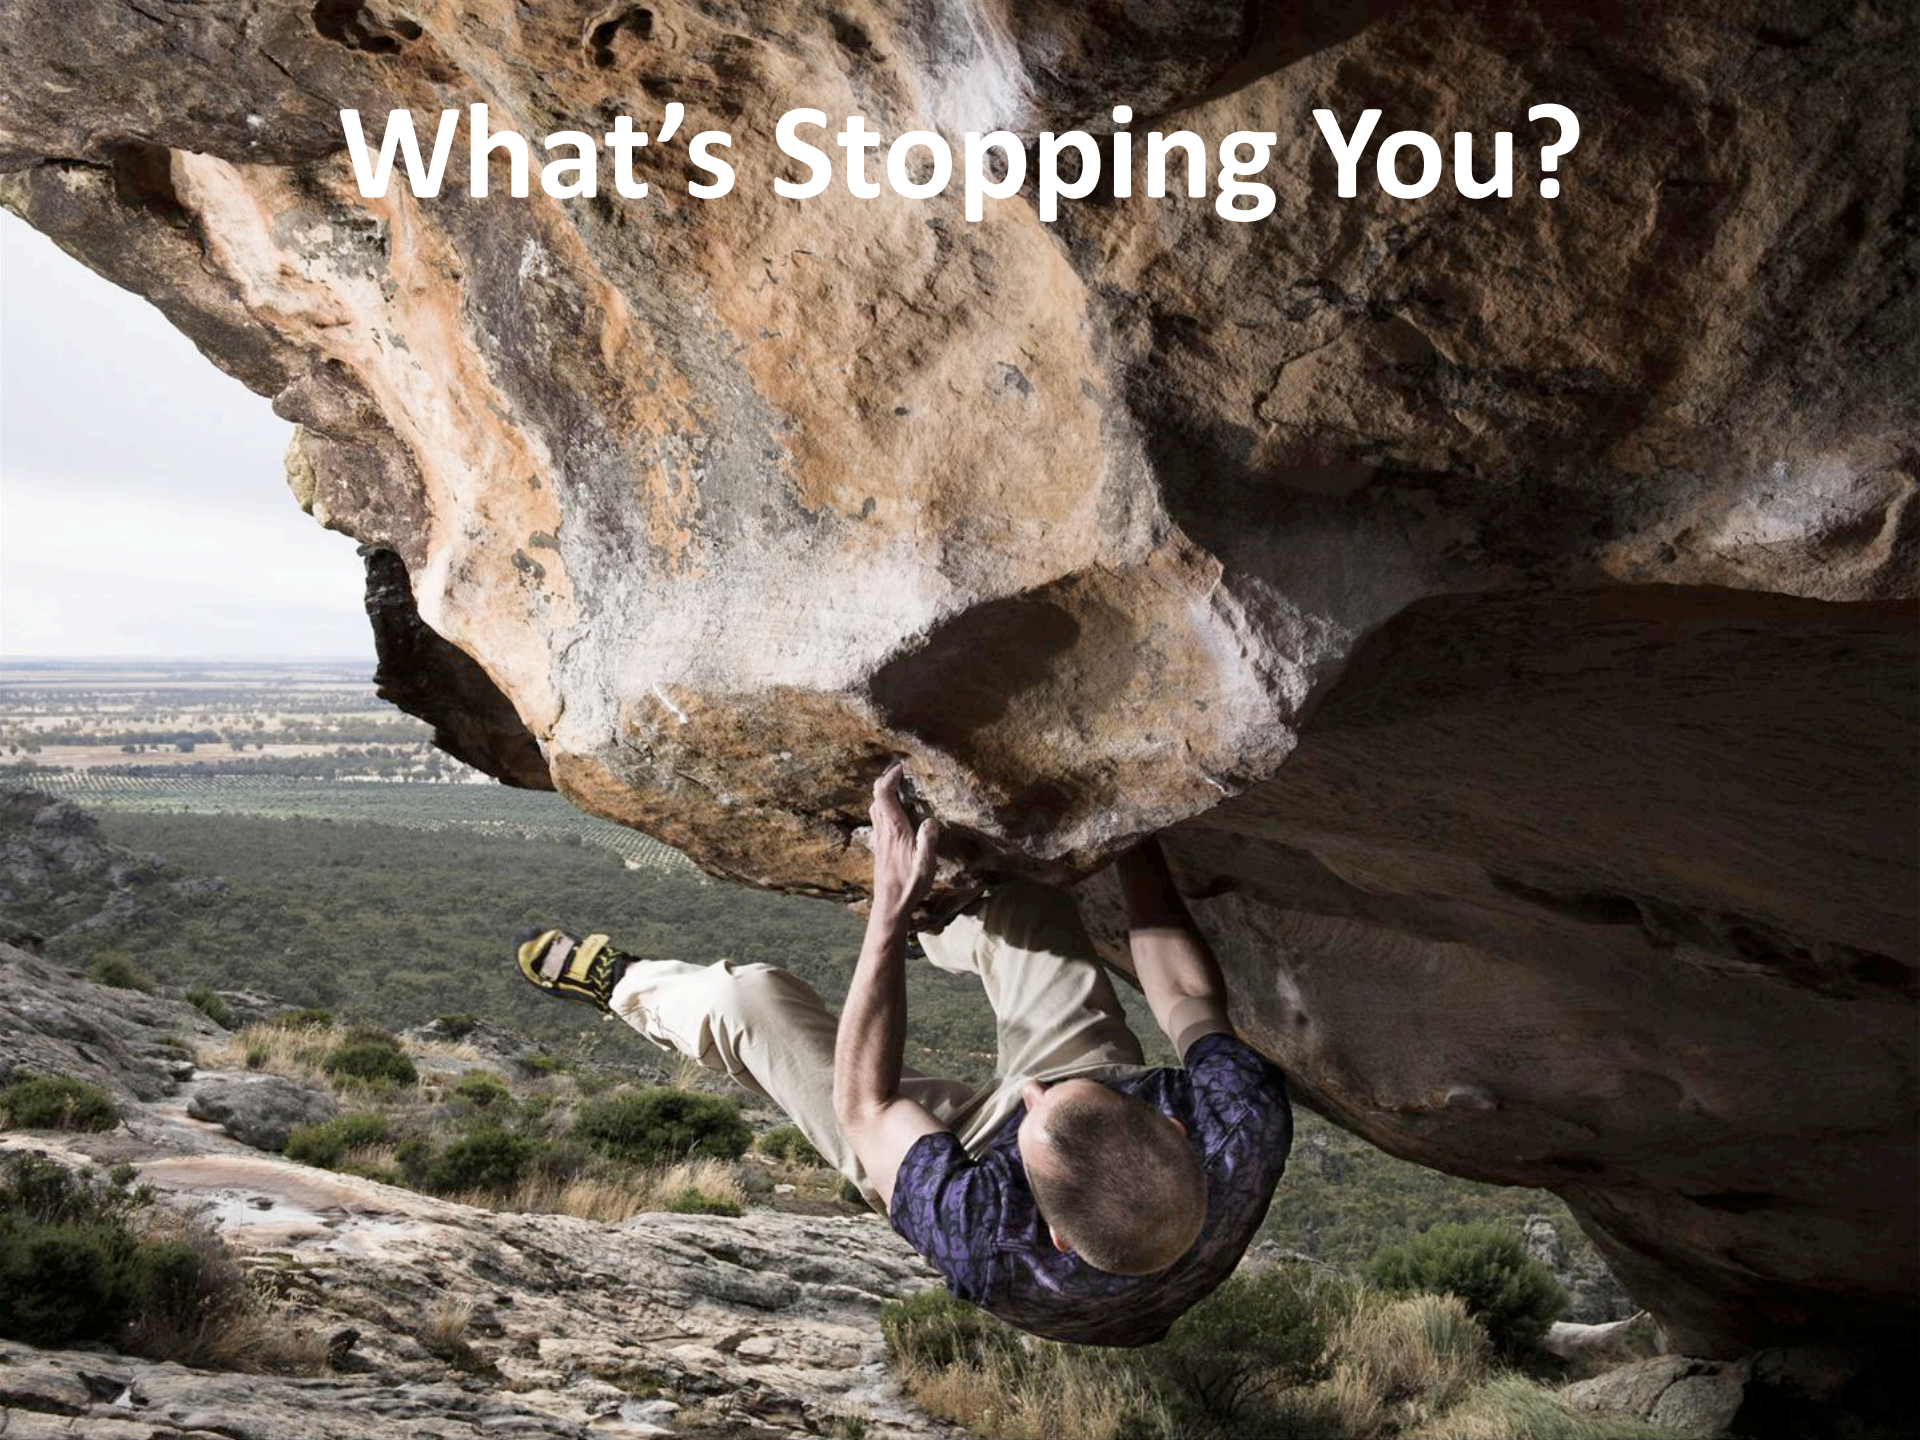

What's Stopping You?

- Write down three risks that you think you should take but haven't
- Write down the reasons why you have not taken each risk
- What does your alter ego have to say?
- What's the first step in taking that risk?
What action will you take before the end of the day?

What's Stopping You?

THANK YOU!
